Sir,

Adverting to Government Order No. 7-18 L.B.72-10-09 dated 2nd July 1913, ordering the adoption of certain changes in the method of the adjustment of the cost of articles supplied to Local Fund Dispensaries, I have the honor to report that with a view to give early effect to the above and to certain other suggestions made by the Auditor of the Medical Stores Account, a proposal for the increase of the clerical establishment of the Stores had been submitted to Government (through the Comptroller) with this office letter No.G.333 dated 19-2-1914. As the matter is still pending before the Government the new hand applied for could not be entertained.

2. The existing establishment being quite inadequate to cope with the new work, it was considered best, in order to avoid confusion, mistakes and arrears, to stick to the old system of adjustment so far as the supply made during the past official year 1913-14 was concerned.

3. A suggestion to the above effect having been made to the Comptroller by the Senior Surgeon in charge of the Medical Stores, the former has agreed to effect the adjustment of the 1913-14 accounts according to the practice
